Introduction to Research Ethics in the Social Sciences

Research Ethics And Social Movements

Kevin Gillan's publications have focused on the generation and communication of ideas in social and political movements and on their relationships with technology and globalisation. His latest research project, Making Corporations Moral, examines normative justifications for a range of activities that challenge corporate behaviour.

Research Ethics and Social Movements: Scholarship ...

DOI:10.1093/acprof:oso/9780198719571.003.0018. This chapter offers a ready-to-use ethical checklist for research on social movements and political contention. It develops around four main questions, each representing a challenge to researchers and addressing a distinct ethical side of the research process: the question of relevance of the research to the activist community; the risks for the researched that result from the study of their dissenting practices; the question of power, in ...

Ethics of Social Movement Research - Oxford Scholarship

These are some of the live issues of research ethics that face students and scholars whose research 'subjects' are located in contentious political terrain. The contributors to this volume expose their own ethical thinking as they have met such challenges head on. Each explores real dilemmas of ethical practice on the ground as they carry out research on social movements across the globe.
