Now in its fourth edition, this indispensable guide helps students to create their own personal development programme and build the skills and capabilities today's employers want. Step by step, it takes students from the initial stages of setting goals and defining success through to the application process for their dream job. Part 1 prompts students to think about what 'success' means to them and to think more deeply about what matters to them, what inspires them, and what will help them to achieve their long-term ambitions. This section also helps students to better manage their time, energies and resources so that they can achieve the kind of success they want. Part 2 shows students how to refine their people and task management skills, enabling them to become the effective communicators and problem-solvers that today's employers want. Part 3 develops students' creative and reflective thinking, thereby strengthening students' academic and professional abilities. Part 4 helps readers to reflect on what employers really want from job applicants and explains how they can take concrete action to improve their job prospects. Chapters contain guidance on how to put forward a strong application, how to make the best use of placements, and how to keep records so that students feel more in control during the application process. Internationally acclaimed study skills author Stella Cottrell provides students with the ingredients they need to create their own recipe for success. Whether you're just starting at college or university, or about to leave a postgraduate programme, Skills for Success will help you to think creatively and constructively about personal, academic and career goals.

Following-on from The Study Skills Handbook, this book enables students to think about personal, academic and career goals and to plan a path to success. Rich in activities that develop valuable career skills, this edition has a new chapter on Understanding your Personal Performance, and updated information on job applications.

With structured, reflective and practical activities, this text seeks to enable students to think creatively and constructively about personal, academic and career goals. Individuals are encouraged to identify what success really means to them and to plan a path towards achieving their aims.

You can transform your life by setting goals

Do you set goals but somehow never reach them? Are you struggling to build the life you want for yourself? Do you aim for the stars but somehow never get close? *Goal Setting for Success* (Personal Development book 1) is based on **tried and tested scientific principles** that have helped millions of people build the lives they want. The theory has been condensed and simplified into an easy-to-use series of steps that will show you how to: - Discover for which life area(s) you want to set goals. - Understand the requirements of a well structured goal. - Recognize which goals will work for you and which won't. - Take action so that your goals become reality and your life improves exponentially. - Review your progress and adjust your goals where required. - Deal with the curve balls life throws you so that they don't get in the way of achieving your goals.

Taking Consistent Action is Key to Changing your life

Creating meaningful goals for yourself becomes easy once you know how. Actually achieve professional and personal goals irrespective of what they are by *following the simple, practical steps outlined*. Do you want your own profitable business that will bring fame and success? Do you desire financial independence and personal freedom? Would you love to improve your relationships and make them more fulfilling? All of these are within your reach.

Take action now and change your life forever!

"Borderless Leadership is a must read for anyone involved in international business. It enables beginners to avoid common pitfalls, and seasoned executives will recognize many of their own mistakes and benefit from the frameworks Dr. Kraljevic provides." — Professor Sibrandes Poppema, President, University of Groningen, Netherlands "I just cannot stop recommending this book to ever so many people—my academic colleagues, industry colleagues, friends in the government, former students, students, young CEOs of start-ups that I mentor, and my media friends. The book is very special, deep with several gems of ideas, told in absorbing narrative; neither a text book nor a cook book but a candid, sincere, and extremely effective set of real world lessons for so many global citizens. Dr. Kraljevic uses personal examples from across continents, in diverse industry settings. All I can say is this: Go, grab the book on a Thursday night, and you will have a wonderful weekend reading this amazing book." — Professor S. Sadagopan, Director, International Institute of Information Technology of Bangalore, India "Everything I know about international markets, I owe it to Zlatica." — Sue Payne, Former ExxonMobil Area Manager U.S. & Mexico "As the global village rapidly expands, understanding borderless leadership becomes a prerequisite for international success in this 21st century. Kraljevic brings her vast and unique worldly experiences to open your mind with practical treasures, thoughtful how-to models, and conceptual insights. Find out about the human fractal on your journey to becoming a borderless leader." — Lane Sloan, Former President, Shell Chemical Company, USA Studies consistently show that international partnerships between organizations fail to generate expected results at a significant cost. The leading cause behind this failure is lack of trust among people at all levels within organizations. Borderless Leadership explores the disparity that exists between the ways that the West and other cultures conduct business. The book's premise is that if one cannot control the events or circumstances, one must learn how to control reactions to new environments. Using real-life examples, the book illustrates how to build trust and rapport with business partners across borders and establish relationships that help businesses grow. The book is about achieving success with and through total strangers as you progress from awareness to understanding and from understanding to acquiring, internalizing, and applying new knowledge so you bring your approach to life up to date. Only then can you transform obstacles into unsuspected opportunities that will have a positive impact on your personal and business success.

Support development of personal and professional skills and their relationship to the reflective project, with emphasis on critical skills development for the workplace and ongoing career development. - Break down and evaluate the five main areas of Personal Development, Intercultural Understanding, Effective Communication, Thinking Processes and Applied Ethics, in both business and personal contexts. - Ensure understanding of how the five main areas and the personal and professional skills link to the reflective project. - Engage students with action-based chapters with activities divided into three categories: thinking, doing and reflecting. - Develop attitudes, skills and strategies to be applied to personal and professional situations and contexts, now and in the future. - Support visual learners with an infographic at the start of each chapter relating to the themes of the chapter. - Feel supported with detailed introductory advice on how to approach the Personal and Professional Skills course.
