A groundbreaking book about personal growth that presents a uniquely effective set of four tools that bring about dynamic change in the present and impart a greater understanding of the depth and complexity of the human condition over the longterm. The Tools addresses the most common complaint patients have about psychotherapy: the interminable wait for change to begin. Barry Michels, an LA-based therapist, was frustrated by his inability to bring his patients faster relief from the issues that plagued them. He found a mentor in Phil Stutz, a psychiatrist who years before devised a methodology that arose from a similar disenchantment. The traditional therapeutic model sets its sights on the past, but Stutz and Michels employ an arsenal of tools--exercises that access the power of the unconscious and effectively meet the most persistent problems people face--and the results are electrifying. Stutz and Michels are much sought-after--a recent profile in The New Yorker touted them as an "open secret" in Hollywood--and treat a high-powered and creative clientele. Their first work, The Tools transcends the typical self-help genre because of its paradigm-changing material, the credibility of its authors, and the instant appeal and empowerment of its message.

The groundbreaking New York Times bestseller featuring five uniquely effective tools to help you embrace your shadow, learn the secret of true confidence, and bring about dynamic personal growth--as seen on Goop and The Dr. Oz Show Change can begin right now. The Tools is a dynamic, results-oriented practice that defies the traditional approach to therapy. Instead of focusing on the past, this groundbreaking method aims to deliver relief from persistent problems and restore control--and hope--to users right away. Every day presents challenges--big and small--that the tools transform into opportunities to bring about bold and dramatic change in your life. These transformative techniques will teach you how to GET UNSTUCK: Master the things you are avoiding and live in forward motion. CONTROL ANGER! Free yourself from out-of-control rage and never-ending grudges. EXPRESS YOURSELF! Learn the secret of true confidence and find your authentic voice. COMBAT ANXIETY: Stop obsessive worrying and negative thinking. FIND DISCIPLINE: Activate willpower and make the most of every minute. For years, Phil Stutz and Barry Michels taught these tools to an exclusive patient base of high-powered executives and creative types. Now their revolutionary practice is available to anyone interested in realizing the full range of their potential. Stutz and Michels want to make your life exceptional--in its resiliency, its productivity, and its experience of real happiness. Praise for The Tools "This blew my mind more than anything else I've learned this year."--Dr. Mehmet Oz "Breakthrough material that ignites your own capacity to transform your life."--Marianne Williamson "A rapid and streamlined method of self-improvement."--Publishers Weekly (starred review) "An 'open secret' in Hollywood . . . [Stutz and Michels] have developed a program designed to access the creative power of the unconscious."--The New Yorker "These tools are emotional game changers. They do nothing less than deliver you to your best and most powerful self."--Kathy Freston, author of Quantum Wellness "Intensely gratifying."--Self

5 unique Tools ... 3 seconds each to use ... A lifetime of fulfillment Can you imagine what your life would be if you could tap into a new source of power - one that has been inside you all along - to solve your own problems and become the master of your life? The Tools is an extraordinary psychological model based on the proven methods of Hollywood's greatest psychotherapists. Phil Stutz and Barry Michels have over 60 years of psychotherapeutic experience between them. Together they have helped their A-list clients work through whatever has held them back - be it insecurity, trauma, anger, lack of willpower, negativity or avoidance - and achieve their greatest work and find a deep level of fulfillment. Now, at last, the acclaimed clinicians are sharing their methods in this eye-opening and empowering book. Introducing their five simple techniques, namely The Reversal of Desire, Active Love, Inner Authority, The Grateful Flow and Jeopardy, the authors clearly explain what they are and how and when to use them. Astonishingly effective and beautifully simple - once you've learned a tool it takes only three to five seconds to use it - this book will give you everything you need to propel yourself forward to achieve your ambitions and be who you were born to be.

"The tools Barry and Phil teach in Coming Alive gave me the courage and clarity to align myself with the truth--no matter how hard or painful it seemed at the time."--Gwyneth Paltrow Tap into the Life Force with this critical and contemporary guide to unlocking our most powerful selves--from the bestselling authors of The Tools (and Goop's resident shrinks). Phil Stutz and Barry Michels's tools will be featured in an upcoming Netflix original documentary directed by Jonah Hill and co-produced by Joaquin Phoenix In The Tools, Michels and Stutz revolutionized the world of personal growth. Now, in Coming Alive, they guide readers toward a wellspring of positive energy: the source of creativity, renewal, and engagement. The first step in gaining mastery over one's life--in deepening both emotional and spiritual experiences--is identifying the enemy within, which Michels and Stutz have named Part X. This formidable adversary is a shape-shifter: it may be the voice in your head that is a torrent of negativity; it may take the form of outside forces that conspire against you. In whatever guise it appears, Part X aims to derail your progress, keep you small and stuck, and defeat hope. The four vital tools in Coming Alive help you connect to the Life Force--a wellspring of positive energy that is the source of creativity, renewal, confidence, and engagement--and harness the energy and will to combat Part X. Drawing insights from their decades of psychotherapeutic practice, their lived experience, and their moving and generous understanding of our interconnectedness, Michels and Stutz have created a paradigm-shifting guide to achieving optimal mental health and spiritual well-being. Praise for Coming Alive "What a gift! A riveting exploration of four (bone-chillingly relatable) modern ailments and their thrillingly practical solutions . . . Singular in its approach and deeply spiritual in its concerns, Coming Alive is a book I'll be pressing on friends and foes alike."--Maria Semple, author of Where'd You Go, Bernadette

The New York Times bestseller, now updated with new material on cyber attacks, digital sovereignty, and tech in a pandemic. From Microsoft's president and one of the tech industry's broadest thinkers, a frank and thoughtful reckoning with how to balance enormous promise and existential risk as the digitization of everything accelerates. "A colorful and insightful insiders' view of how technology is both empowering and threatening us. From privacy to cyberattacks, this timely book is a useful guide for how to navigate the digital future." --Walter Isaacson Microsoft president Brad Smith operates by a simple core belief: When your technology changes the world, you bear a responsibility to help address the world you have helped create. In Tools and Weapons, Brad Smith and Carol Ann Browne bring us a captivating narrative from the top of Microsoft, as the company flies in the face of a tech sector long obsessed with disruption as an end in itself, and in doing so navigates some of the thorniest issues of our time--from privacy to cyberwar to the challenges for democracy, far and near. As the tumultuous events of 2020 brought technology and Big Tech even further into the lives of almost all Americans, Smith and Browne updated the book throughout to reflect a changed world. With three new chapters on cybersecurity, technology and nation-states, and tech in the pandemic, Tools and Weapons is an invaluable resource from the cockpit of one of the world's largest tech companies.
